

❖ Video Submission

A-PHPBA 2023 Biennial Congress invites all interested individuals to submit abstracts for Video presentations.

Instructions for Video Submissions

Important Dates

- Abstract Submission deadline: 31 May 2023

Abstract Submission Instructions

- You are required to write a title for, and a brief description of your Video, up to a maximum of 250 words in total.
- No data is expected or required in your abstract.
- Abstracts and Videos shall be submitted electronically through the Congress website.
- The abstract must be written in English.
- When you submit an abstract online, your abstract will be automatically edited according to the A-PHPBA 2023 Biennial Congress submission formats.
- Abstracts which have been previously presented at national meetings can be submitted to A-PHPBA.
- Work presented at national meetings or international meetings other than A-PHPBA may also be submitted to A-PHPBA.
- Work which has previously been presented at A-PHPBA should not be re-submitted.
- In relation to clinical work, it is encouraged that all work should have been reviewed and approved by institutional or regional ethics boards and that all co-authors must be familiar with the final submitted abstract.
- All successful abstract presenters will be notified and must register for the meeting.
- Late submissions after 31 May 2023 will not be accepted.

Structure:

The abstract should provide a brief description indicating the content of the Video, including its novelty and clinical relevance.

Topics

The author should choose one topic only for every Video submitted. If a Video fits into more than one of the topics below, choose the most appropriate one.

- Liver
 - Benign
 - Malignant
 - Basic / Translational research
- Pancreas
 - Benign
 - Malignant
 - Basic / Translational research

- Biliary
 - Benign
 - Malignant
 - Basic / Translational research
- General HPB
- Transplant
 - Liver
 - Pancreas / islet cell

Video Submission Instructions

- All Video presentations must be narrated and edited in English.
- The Video should be a maximum of eight minutes, including titles and with a spoken narrative explaining the objectives and the methods used during the procedure.
- Videos longer than eight minutes will be automatically rejected.
- The Video file should be well edited.
- The video file should be uploaded on youtube / vimeo / any other cloud storage platform and the link should be shared in the submission form. Kindly ensure that anyone with the link should be able to view the video.
- Video presentations must be uploaded at the same time as the title and abstract text.

General Information

- It is the author's responsibility to submit the correct abstract/Video. Any errors in spelling, grammar, or scientific fact will be published as typed by the author, if accepted.
- Poor English may be a cause for rejection.
- The Video submitted is the same Video (if accepted) that will be presented at the Congress.
- The corresponding author will receive all correspondence concerning the submission and is responsible for informing the other co-authors of the status of the submission.
- Notification of acceptance/rejection of the Video will be emailed.
- Upon acceptance of the Video, the presenting author is expected to register and present their Video at the Congress.
